Program Description

Overview

OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

This program focuses on ensuring quality representation and fair and impartial proceedings in capital cases. With this particular solicitation, BJA seeks to ensure judges have the most up-to-date and comprehensive information available to them on death penalty law by providing high quality training and technical assistance on legal issues faced by judges who preside over capital cases.

Statutory Authority

Pub. L. No. 108-405, Subtitle B (codified at 34 U.S.C. 60301-60306).

Specific Information

Death as punishment for a crime, or capital punishment, is currently authorized in 24 states, with governor-imposed moratoriums in three additional states. From pretrial to execution, each stage of a capital case is unique and requires extensive knowledge and training in order to represent the interests of crime victims, their families, and the public and ensure that the constitutional rights of indigent defendants are protected. These cases are also governed by unique evidentiary rules and processes and require a specific set of skills, which include pretrial, trial, and sentencing litigation; understanding of competency issues; and handling of the mitigation phase.

A strong criminal justice system has a robust adversarial system and ensures that justice system partners have the TTA necessary to effectively carry out their legal and constitutional obligations in all cases. The Capital Case Litigation Initiative (CCLI) focuses on training for prosecutors, defense counsel, and judges, and the provider selected for this award will work with BJA to provide training and technical assistance to state judges presiding over capital cases.

BJA oversees a large and active portfolio of training and technical assistance. Consistent with BJA making this award as a cooperative agreement, this award will be led in close consultation and approval by BJA staff and leaders. Several principles guide BJA's training and technical assistance:

Informed by data, needs of the field, and research to provide efficient and consistent delivery of services—TTA partners should actively gather input from the field and data on relevant crime issues to inform their approaches and the TTA plan's feasibility. Any proposed approaches should employ adult learning theory and research on effective practices, and they should leverage technology to enhance the quality of services.

Reach members of the field where they are and reach a broader audience—TTA partners should ensure that their TTA strategies are fair and flexible and can be useful for persons and agencies with varying levels of capacity and experience. TTA partners should have a diverse

team of members who can effectively work with the field and bring creative ideas to expanding the impact of BJA's TTA.

Assess the TTA's impact and make refinements to better accomplish the TTA's goals—TTA partners should have a plan to ensure their TTA strategies are implemented with fidelity, and they should assess how well those being served are engaged and applying what is learned. The partners should evaluate the intended outcomes to make refinements to their approach.

Anticipate BJA processes and approvals to proactively manage and share updates and current and relevant information with the field and grantees—TTA partners should use a proactive project management approach to ensure (1) the planning and problem solving are accomplishing recipients' goals, (2) BJA is kept up to date on all progress made, (3) TTA is coordinated closely with other BJA partners, and (4) TTA partners make effective use of funds. In addition, the TTA partners should make all resources available to the field, and they should proactively market these resources. These approaches should include development or enhancement of training curricula, regional and virtual training sessions, onsite mentoring or technical assistance, peer-to-peer support, and telephone and web-based resources.

Goals, Objectives, and Deliverables

Goals

The goals of the FY 2023 CCLI solicitation are to:

Establish or enhance relationships with chief judges and the bench in states where capital punishment is currently authorized to determine the needs of judges and provide resources that help meet the unique needs in capital cases.

Create training programs and/or provide resources and tools to judges who preside over state capital cases to minimize the potential for error in these trials.

Objectives

Develop an understanding of resources available to judges that are specific to capital cases.

Strengthen relationships with state judicial leaders to make training and resources that have already been developed readily available to the bench.

Enhance the expertise of state judges who preside over capital cases.

Enhance opportunities for peer-to-peer learning by providing information sharing and training on best practices in capital cases.

Establish and broadly disseminate standards of practice for judges in state capital cases.

Deliverables

The selected TTA provider will engage the field and build capacity to understand and address the topics outlined in this solicitation. As part of this work, it will also develop resources for the areas of expertise outlined in this solicitation for the field at large, including to:

1. Conduct an environmental scan of available resources for judges in the 24 states where capital punishment is currently authorized. The analysis should include an assessment of existing gaps or needs.

2. Propose mechanisms to address the gaps in existing resources and a variety of methods for content delivery to state judicial leaders and individual judges.
3. Build an approach that is responsive to the needs of judges who preside over state capital cases that:
 - A. Assesses their needs and develops strategies to expand awareness and build skills and knowledge.
 - B. Creates a work plan based on the goals outlined in the application. The work plan will be presented to BJA staff and should include tools such as spreadsheets or online dashboards to track progress on key tasks.
 - C. Anticipates, quickly identifies, and addresses challenges that arise during delivery of TTA to judges. When challenges arise, the TTA provider will engage in strategies like case conferencing to harness the collective knowledge of staff and partners.
4. Build and maintain sufficient technical skill sets and experience to effectively complete the tasks under the award, including:
 - A. A bench of vetted local and national subject matter experts (practitioners, academics), whose expertise and experience may be accessed as needed.
 - B. A set of diverse staff, trainers, and/or subject matter experts who reflect a mix of experiences and perspectives to be able to effectively reach the judges that they will serve.
 - C. A diverse set of providers, models, and/or subject matter experts with the skills to ensure programming responsive to the specific needs of judges presiding over capital cases.
 - D. Knowledge of and a plan to manage BJA's approval and reporting processes for conferences, training for the field, publications, and online tools.
 - E. Grounding in trauma-informed approaches and restorative justice principles and strategies that center the needs and elevate the voices of the individuals harmed, as well as issues of racial equity in these cases.
5. Develop all products under the award to be 508 compliant. The TTA provider must:
 - A. Create knowledge diffusion products (e.g., fact sheets, webinars) and disseminate them through BJA's networks.
 - B. Disseminate best practices and lessons learned by attending and presenting at national, state, local, tribal, or other conferences and events related to award activities where officials and other stakeholders can learn about successful strategies.
6. Proactively build field knowledge and capacity in the areas outlined in the solicitation. This includes coordinating and supporting a presence at national meetings and conferences via workshops, panel presentations, and briefings. The provider must also review trends from requests and TTA needs assessments, and then propose to and work with BJA on tailoring the TTA strategy to meet emerging needs and trends.
7. Prepare and submit end-of-year annual reports, in addition to other required reporting. BJA will provide the template for the provider to fill out and submit for BJA review. The report will include best practices and success stories. These reports are on the calendar year, and the first

one is due January 31, 2024.

The Goals, Objectives, and Deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "Application and Submission Information" section.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices, see the [OJP Grant Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information and applicable documentation to be included in the application, see the [OJP Grant Application Resource Guide](#) section entitled "Information Regarding Potential Evaluation of Programs and Activities."

Priority Areas

The Department of Justice is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

1. Priority Considerations Supporting Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*

In support of this [Executive Order](#), OJP will provide priority consideration when making award decisions to the following:

A. Applications that propose project(s) that are designed to promote racial equity and the removal of barriers to access and opportunity for communities that have been historically underserved, marginalized, and adversely affected by inequality.

To receive this consideration, the applicant must describe how the proposed project(s) will address potential racial inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, and adversely affected by inequality, and identify how the project design and implementation will specifically incorporate the input or participation of those communities and populations disproportionately impacted by crime, violence, and the criminal justice system overall. Examples addressing this requirement include, but are not limited to, the following: budgeted project planning and/or implementation meetings with community stakeholders representing historically underserved and marginalized communities; outreach and/or public awareness campaigns specifically tailored to historically underserved and marginalized communities to encourage participation in the proposed project(s); budgeted incorporation of members representing historically underserved and marginalized communities in program evaluation, surveys, or other means of project feedback; and partnership with organizations that primarily serve communities that have

been historically underserved, marginalized, and adversely affected by inequality.

B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40%** of the requested award funding, as demonstrated in the Budget Web-Based Form) identify as a *culturally specific organization*.

To receive this additional priority consideration, applicants must describe how being a culturally specific organization (or funding the culturally specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which populations are intended or expected to be served or to have their needs addressed under the proposed project(s).

Culturally specific organizations are defined for the purposes of this solicitation as private nonprofit or tribal organizations whose primary purpose as a whole is to provide culturally specific services to racial and ethnic groups, including, among others, Black people, Hispanic and Latino people, Native American and other Indigenous peoples of North America (including Alaska Native, Eskimo, and Aleut), Asian Americans, Native Hawaiians, and/or Pacific Islanders.

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

c. Capabilities and Competencies

The applicant should have either demonstrated expertise in overseeing capital cases or providing training and resources to judges and attorneys.

The applicant should clearly demonstrate their ability to reach chief judges and judicial membership organizations both nationwide and in the 24 states where capital punishment is currently authorized.

Additionally, the applicant's capabilities and competencies should include expertise in judicial engagement and outreach, curriculum development, recruitment and maintenance of subject experts, nationwide instruction delivery using a range of training modalities such as online and in-person training to judges, training/meeting logistics, planning and implementation, and conducting individual course evaluations.

If the applicant is seeking priority consideration under Priority 1(B), it should describe within this section how being a culturally specific organization (or funding a culturally specific subrecipient organization at a minimum of 40% of the project budget) will enhance its ability to implement the proposed project(s), should also specify which populations are intended or expected to be served or have their needs addressed under the proposed project(s), and should include the website address (if applicable) and formal or informal mission statement or principles of the culturally specific organization.

d. Plan for Collecting the Data Required for this Solicitation's Performance Measures

Describe the process the applicant will use to measure the project's performance. This should include measures for adhering to the project timeline, meeting deliverable schedules, obtaining input from judges, and seeking feedback from other stakeholders.

Identify what data will be collected, who will be responsible for collecting and reporting the data, who is responsible for the accuracy of the performance data, how the data will be stored, how any personally identifiable information (PII) will be protected, and how the information will be used to guide the provision of TTA.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included as a notification that award recipients will be required to submit performance data as part of each award's reporting requirements. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the goals, objectives, and deliverables identified in the "Goals, Objectives, and Deliverables" discussion. Applicants can visit OJP's performance measurement page at www.ojp.gov/performance for an overview of performance measurement activities at OJP.

A list of performance measure questions for this program can be found [here](#).

BJA will require award recipients to submit performance measure data in the TTA Reporting Portal and separately submit a semi-annual performance report in JustGrants. BJA will provide further guidance on the post-award submission process, if the applicant is selected for award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the “Note on Project Evaluations” section in the [OJP Grant Application Resource Guide](#).

Goal, Objective and Deliverables

The applicant will submit the project's goals, objectives, deliverables and timeline in the JustGrants web-based form. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

Goals. The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the previous section and outline the project's goals.

Program Objectives. The applicant should explain how the program will accomplish its goals. Objectives are specific, quantifiable statements of the project's desired results. They should be measureable and clearly linked to the goal.

Deliverables. Project deliverables refer to outputs—tangible or intangible—that are submitted within the scope of a project.

Budget and Associated Documentation

Budget Worksheet and Budget Narrative (Web-based Form)

The applicant will complete the JustGrants web-based budget form. For additional information, see the OJP Grant Application Resource Guide and the [Complete the Application in JustGrants – Budget](#) training. The budget narrative (i.e., justification for costs) should clearly correspond with **each** line item computation provided in the web-based budget form. The narrative should explain how the applicant estimated and calculated all costs, and how those costs are necessary for the completion of the proposed project. **The budget should describe costs by year.**

If the applicant is seeking priority consideration under Priority 1(A) and has proposed activities (such as community or stakeholder meetings, community outreach or public awareness campaigns, community participation in project design, implementation, or evaluation, etc.) to incorporate the input and participation of communities that have been historically underserved, marginalized, and adversely affected by inequality, financial support for the identified activities and participation must be reflected in the web-based budget form.

How to Apply

Registration: Before submitting an application, all applicants must register with the System for Award Management (SAM). You must renew and validate your registration every 12 months. If you do not renew your SAM registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Registration and renewal can take up to 10 business days to complete.

Submission: Applications must be submitted to DOJ electronically through a two-step process via Grants.gov and JustGrants.

Step 1: After registering with SAM, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://www.grants.gov/web/grants/register.html> by the Grants.gov deadline.

Submit the SF-424 and SF-LLL as early as possible, but no later than 48 hours before the Grants.gov deadline. If an applicant fails to submit in Grants.gov, they will be unable to apply in JustGrants.

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at [JustGrants.usdoj.gov](https://www.justgrants.usdoj.gov) by the JustGrants deadline.

Within 24 hours after receipt of confirmation emails from Grants.gov, the individual in Section 8F of the SF-424 will receive an email from DIAMD-NoReply@usdoj.gov with instructions on how to create a JustGrants account. Register the Entity Administrator and the Application Submitter with JustGrants as early as possible but no later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive an emailed link to complete the rest of the application in JustGrants. The Entity Administrator also will need to log into JustGrants to review and invite the applicant's Authorized Representative(s) before an application can be submitted.

Submit the complete application package in JustGrants at least 24 – 48 hours prior to the JustGrants deadline. Some of the application components will be entered directly into JustGrants, and others will require uploading attached documents. Therefore, applicants will need to allow ample time before the JustGrants deadline to prepare each component. Applicants may save their progress in the system and revise the application as needed prior to hitting the Submit button at the end of the application in JustGrants.

For additional information, see the “How to Apply” section in the [OJP Grant Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by May 08, 2023 8:59 PM ET

The **full application** must be submitted in JustGrants by May 15, 2023 8:59 PM ET

OJP urges applicants to submit their Grants.gov and JustGrants submissions prior to the due dates with sufficient time to correct any errors and resubmit by the submission deadlines if a rejection notification is received. To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration process in sufficient time (i.e., waiting until the date identified in this solicitation) is not an acceptable reason for late submission.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented application submission.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes a tracking number generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks; and for this reason applicants are encouraged to email the appropriate service desk, even if they also intend to call the service desk for phone support. Experiencing wait times for phone support does not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov - contact the [SAM Help Desk \(Federal Service Desk\)](#), Monday – Friday from 8 a.m. to 8 p.m. ET at 866-606-8220.
- Grants.gov - contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants - contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday – Friday from 7 a.m. to 9 p.m. ET and Saturday, Sunday, and Federal holidays from 9 a.m. to 5 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within 24 hours of the JustGrants deadline to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must -

- describe the technical difficulties experienced,
- include a timeline of the applicant's submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded),
- include an attachment of the complete grant application and all the required documentation and materials,
- include the applicant's Unique Entity Identifier (UEI), and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue or that does not submit a waiver request within the required time period will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [OJP Grant Application Resource Guide](#).

Application Review Information

Review Criteria

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

1. Statement of the Problem/Description of the Issue (15%) - evaluate the applicant’s understanding of the program/issue to be addressed.

2. Project Design and Implementation (35%)- evaluate the adequacy of the proposal, including the goals, objectives, timelines, milestones, and deliverables.
3. Capabilities and Competencies (35%) - evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
4. Plan for Collecting the Data Required for this Solicitation's Performance Measures (5%) - evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
5. Budget (10%) - evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for BJA include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget Web-Based form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above.

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are common requirements applicable to all OJP solicitations:

- The application must be submitted by an eligible type of applicant.
- The application must request funding within programmatic funding constraints (if applicable).
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant entity. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant entity is listed in SAM as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant entity that appears in the non-public segment of the integrity and performance system accessible through SAM (currently, the Federal Awardee Performance and Integrity Information System, FAPIIS).

Important Note on FAPIIS: An applicant may review and comment on any information about its organization that currently appears in FAPIIS and was entered by a federal awarding agency. OJP will consider such comments by the applicant, in addition to the other information in FAPIIS, in its assessment of the risk posed by the applicant entity.

Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and BJA recommendations, but also other factors as indicated in this section.
